ABOUT ME

Dedicated and passionate Computer Science graduate with a strong foundation in Software development. Good analytical and problem solving skills and ability to learn new technologies quickly. Self motivated and passionate about Software development, eager to start my career in this field and make a impact

ADDITIONAL QUALIFICATION

Software development

Sparx Rural and Urban Development Society

oct, 2023 – jan, 2024

PROJECTS

• MOBILE STORE

This project aimed to create an online platform for purchasing mobile phones. It featured user authentication, allowing customers to register, log in, and manage their profiles. The application provided a catalog of mobile phones with details such as specifications, prices, and availability. Users could add items to their cart, proceed to checkout, and make purchases securely.

• COLLEGE MANAGEMENT SYSTEM

creating a college management system to oversee class schedules, subjects and teacher assignments, optimizing administrative workflows for efficient academic management.

• AROUND ME

Social media platform for posting pictures, lies, comments etc..
